

Inverter > Modified Sine Inverter > Inverter 600W/1000W

Inverter 600W/1000W

Model : STEAK-600

Manufacturer : -

Power Inverter 600 W / 1000 W

Wedge this inverter simply to a 12V or 24V battery and you receive an extremely strong 230V voltage supply.

Very high performance 230V of devices such as pumps, power mover, coffee machines, microwaves can be operated thereby in addition, computer, televisions and fax devices.

The inverter supplies a 230 V main voltage with a continuous power of 600 W and a peak capacity of 1000 W.

By protection and alarming functions, which this equipment contains, is assured for safe operation. Also the protection of the attached consumer, the equipment and the voltage supply is ensured.

short circuit proof outlet

safe entrance

starting technology integrates

entrance with overvoltage protection

of the battery from over-discharging by alarm and disconnection

disconnection with overload

disconnection with temperature rise

Technical Details

Inverter > Modified Sine Inverter > Inverter 600W/1000W

Inverter 600W/1000W

Cooling
wisdom

fan start : when the output reach 100W
the temperure reach 40°C, the fan will start automatically

Protections
soft

start
output short : shutdown
input polarity reverse : by fuse
high voltage input : shutdown
low voltage input : shutdown
overload : shutdown
overtemperature : shutdown after buzzer keep sounding for one minute
battery low : alarm
intelligent fan control
trouble display : LED

Fuse
25

A * 3

20 A * 2

AC output

1 AC outlet

Size (l *
